

STANLIB 'bags' the Cash Manager of the Year at the 2010 POA Awards

The multi award-winning STANLIB team has racked up several awards over the years, with its most recent being the Cash Manager of the Year Award at the 2010 Principal Officers Association Awards. Judged by the Global Pensions and the Principal Officers Association of South Africa (POA), STANLIB beat tough competition to claim the title at the Imbasa Yegolide Awards for 2010, held on 31 May 2010 in Johannesburg.

What is the success underpinning STANLIB's Cash Solutions?

Experience

The STANLIB money market team has almost 50 years combined investment experience.

Stability: the current team has been with STANLIB for over 12 years.

Consistency of Performance

The team has consistently beaten the benchmark over a number of years.

Size of Assets under Management: STANLIB manages more assets in money market portfolios than any other asset manager in South Africa with over R100bn in assets under management.

Awards and Accolades

The 2010 Cash Manager of the Year award is the latest of numerous awards received over the past few years.

STANLIB's Money Market Managers actively exploit market inefficiencies, with the aim of maximising returns and outperforming relevant benchmarks in a risk controlled manner. We believe that strong research is a distinct advantage and have dedicated credit analysts to investigate money market instruments in South Africa and other African markets. STANLIB's philosophy on service delivery standards is simply to ensure that clients' needs are met. We believe they want a solution that meets their requirements, together with performance that meets their expectations. Our clients want service that builds trust, while paying fees for value-add, not for the sake of it, and STANLIB's 2010 POA Cash Manager of the Year Award is proof that we are providing this value.
